Changes Nos 1 & 2 do not call for remarks and the Comptr's proposals may be accepted.

As regards change No 3 the provision for exemption as now proposed is unqualified as regards the No of men that may be exempted. Exemption should be the exception and some restriction is necessary to prevent the No of exemption cases exceeding the limit likely to affect the efficiency of the grade of Accts. The Comptr is requested to state if it is not desirable in view of what is stated above to limit the Maxm proportion of exempted men and to fix such proportion to day as one in four i.e. if there are four vacancies in the grade of Accts the Comptr may appoint to one of them a person who is specially deserving of promotion but does not possess the qualification of having passed the prescribed

It is difficult to lay down a hard and fast limit. I may assure Government that care will be taken to restrict exemptions to specially deserving cases ~~of cases~~ of men,

(i) who are more than 40 years of age on the 1st July of the official year in which the applicant is recommended for exemption

or (ii) who have failed to secure a pass in the three or two chances allowed under para 10 of the proposed rules, but who otherwise deserve every consideration for promotion.

Merit will be the sole criterion in the selection of such men; and passed men will of course be preferred in all cases in which their length of service and record of work are approximately equal to those of their seniors who have not qualified by passing the Accountants' Examination.
